

## eBANKING

Automate your critical banking activities and interact electronically with your bank with comprehensive tools that help reduce administrative costs, increase productivity, and improve cash management—in a security-enhanced environment.

### Import

transactions from a lockbox and automatically apply payments to corresponding invoices.

Description	Date	Bank	Amount	Unapplied Amount
Advanced Power Co.	12/18/2008	ADVANCED POWER	\$5,000.00	\$5,000.00
Advanced Power Co.	12/18/2008	ADVANCED POWER	\$5,000.00	\$5,000.00
Advanced Power Co.	12/18/2008	ADVANCED POWER	\$5,000.00	\$5,000.00
Advanced Power Co.	12/18/2008	ADVANCED POWER	\$5,000.00	\$5,000.00
Advanced Power Co.	12/18/2008	ADVANCED POWER	\$5,000.00	\$5,000.00

### Upload

payments for submission to your bank to take advantage of their Positive Pay service.

## BENEFITS

### Manage financials more effectively

Reduce errors by streamlining manual data entry and cash application through automation of your vital banking activities and electronic interaction with your bank.

### Reduce administrative expenses

Eliminate paper waste and repetitive manual data entry by moving routine accounting tasks online and automatically applying bank transactions directly to customer accounts.

### Improve productivity

Streamline accounting processes with effortless electronic reconciliations, improved funds availability, easy-to-use line-item interface, and intelligent adaptation to your particular bank processes.

### Increase your financial security

Manage your electronic banking in a security-enhanced environment, with increased protection through check comparison, easy exception handling, and automated transaction matching.

### Access decision driving information

Work smarter and faster by accessing transaction information online and applying transactions to accounts when they occur, rather than days or weeks later.

## eBANKING | FEATURES LIST

### Electronic Funds Transfer

- Post sales batches with associated payments and automatically generate an electronic file for transfer to your bank.
- Securely transfer payments to vendors and employees or across accounts by transmitting your payables to the bank once you've processed them.
- Conform to US bank-industry EFT standards with support for ACH format and most Canadian formats, including those of the Royal Bank of Canada, CIBC, and the Bank of Montreal, for seamless transaction processing.

### Electronic Bank Reconciliation

- Automate reconciliation of transactions and adjustments with downloaded bank data, using tools that work with any bank that supports automatic reconciliation.
- Manage exceptions for transactions that aren't in your records, such as deposit reversals and altered check amounts.
- Easily reconcile transactions and adjustments with electronic account information that integrates with the Bank Reconciliation module.
- Communicate with your bank over any communications link with transaction downloading for later viewing and auditing.

### Safe Pay

- Add Positive Pay functionality, including daily exporting of checks for comparison by the bank when those checks are presented for payment.

### Lock Box Processing

- Easily process and match transactions from the lockbox file provided by your bank, with an intuitive user interface and line item control.
- Automatically import and apply customer payment information from your bank to open accounts, including outstanding invoices and other remittance or invoice information.
- Easily set up multiple lockbox profiles and reuse them with easy mapping of key fields in the lockbox file—such as Bank Account or Check Amount—to the appropriate field within Accounts Receivable.

### Bank One Integration

- Web-based integration between Microsoft Business Solutions—Great Plains Financial Management applications and Bank One Direct Paycheck Card eliminates paper checks and reduces handling costs for employees without bank accounts, by providing direct deposit of paychecks to their Bank One Visa® card account.

eBanking components are sold separately. Safe Pay and Lock Box Processing are not available with Microsoft Business Solutions—Great Plains Standard.
